## City Council Actions:

On Monday April 30, 2006, we approved a recommendation to return to billing water and sewer customers every two months. This puts the billing on the same cycle as when meters are read. Unfortunately, when the City was billing on a monthly basis, there seemed to be more issues of over billing customers. Billing on a bi-monthly basis should address this problem. The City and taxpayers will also save money in mailing costs because bills will be sent out every two months instead of every month.
